Art Unit: 2611

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I. Claims 1-11 and 39-42, drawn to a video editing system, classified in Class 360, subclass 13.

Group II. Claims 12-13, drawn to program rating system, classified in Class 352, subclass 6.

Group III. Claims 14-20 and 22-38, drawn to a video cable transmission system, classified in Class 358, subclass 141.

Group IV. Claims 21, drawn to cable transmission for appliance management, classified in Class 455, subclass 6.1.

2. The inventions are distinct, each from the other because of the following reasons:

Inventions Group I, Group II, Group III, and Group IV are disclosed as different combinations which are not connected in design, operation or effect. These combinations are independent if it can be shown that (1) they are not disclosed as capable of use together, (2) they have different modes of operation, (3) they have different functions, or (4) they have different effects. (MPEP 806.04, MPEP 808.01). In the instant case the combinations Group I relates to video editing, Group II relates to video program ratings, Group III relates to home appliance management, and Group IV relates to video cable transmission systems.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification and divergent subject matter, restriction for examination purposes as indicated is proper.

4. The Examiner made an initial restriction on 5/5/93 with Mr. Max Abecassis wherein Mr. Abecassis elected without traverse claims 1-20 and 22-42 (Group I). Claim 21 (Group II) was not elected. After further review of the claims, it is deemed that there are numerous inventions. These inventions are set forth above. Because of the numerous inventions, Applicant is provided a written restriction for consideration.

5. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mrs. Lisa Charouel whose telephone number is (703) 305-4379.
